

REMARKS

5 Applicant thanks the Examiner for his courtesy and assistance during an
interview recently held on 7 June 2006. During the interview, Applicant explained
the problem solved by the invention and contrasted the claimed invention with
the teachings of the Mauger reference. Applicant's explanation focused primarily
on the dynamic nature of the invention. After going through a proposed
10 amended claim, the Examiner indicated that the Applicant's proposals appeared
to overcome the Mauger reference. Accordingly, Applicant's submits herewith a
replacement set of claims in which independent Claim 26 is amended as
discussed during the interview. Accordingly, Applicant is of the opinion the
application is in allowable condition. Should the Examiner deem it helpful he is
15 encouraged to contact applicant's attorney at (650) 474-8400.

Respectfully submitted,

20
